Food and Beverages Industry

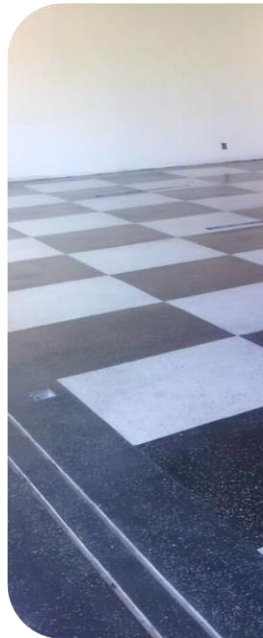

In food and beverage, our company offers wide range flooring systems such as floor coatings, polyscreeds, self-levelling screeds, anti-static flooring, commercial and decorative flooring.

Commercial / Retail Environment

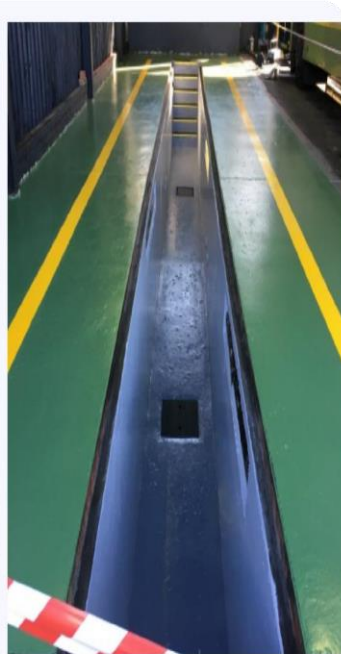

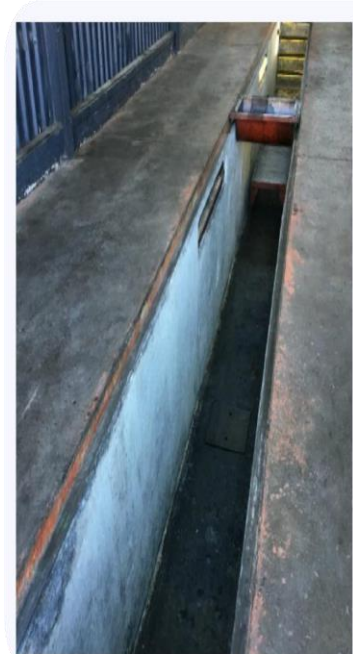

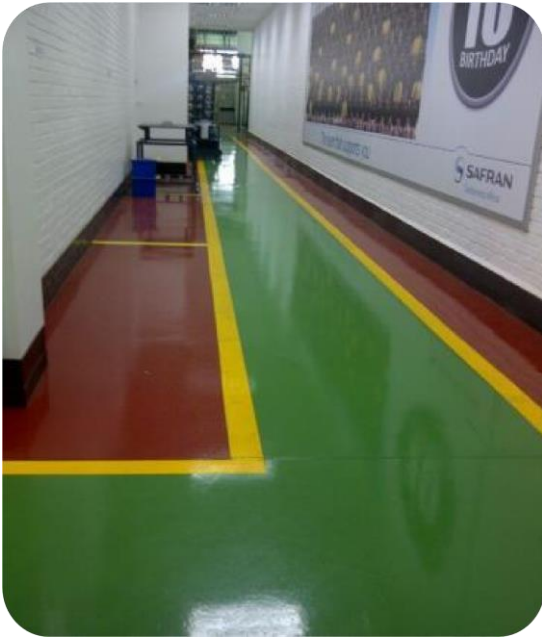

The water-based epoxy coating in clear or colors, offering an easy to clean cost effective, hygienic coating. Can be applied on damp substrates and can also be used for wall application.

Aviation Industry

Our company offers the toughest floor finishes which are favorite for aviation industry terminals, showrooms, professional garages and other facilities where the traffic never stops.

Packaging Industry

Self-levelling polyurethane with excellent crack bridging capabilities also ideal for cold rooms and suspended floors subject to vibrations and movement.
